

Pay periods

Annually once per year
Monthly once per month
Weekly once per week

Semi-monthly 2 times per month
Bi-weekly once every 2 weeks

Converting between pay periods

\$20 per hour, 25 hours per week, how much biweekly is

$$20 \times 25 = \$500 \text{ per week}$$

$$500 \times 2 = \$1000 \text{ bi-weekly}$$

\$29150 per year, how much semi-monthly

$$29150 \div 12 = \$2429.17 \text{ /month}$$

$$2429.17 \div 2 = \$1214.58 \text{ /semi-monthly}$$

Can not convert monthly and weekly directly

\$3500 per week, how much per month

$$\$3500 \times 52 = \$182,000 \text{ per year}$$

$$\$182,000 \div 12 = \$15,166.67 \text{ per month}$$
